RE: "The Quad Lift" in the Furano Zone – Long Term Suspension of Operation  
& Transition to Spring Operations

March 11, 2025

Dear Customers,

We would like to express our sincere gratitude for your continued patronage.

We regret to announce that Lift B, or "The Quad Lift", in the Furano Zone, adjacent to the Ropeway, has been closed for the remainder of the season due to equipment failure. We sincerely apologize for any inconvenience.

**Details:** On January 8, 2025, the backstop safety device (a device that prevents the lift from moving backwards when stopped) malfunctioned. Without this device, the lift cannot be safely operated, and must be closed until a new mechanism can be fabricated and installed. We apologize for any inconvenience and ask for your understanding.

Please note that as of March 24, the following changes will be made to the lift operation schedule as the resort transitions to Spring Operations.

■ **Spring Operations:** March 24 to May 6, 2025
